

Learn, laugh, live

U3A MILTON-ULLADULLA CAMPUS INC

## U3A TERM 4 BULLETIN

This Bulletin is intended to provide information on NEW Courses and various items 'for your diary'.

It provides further information on a range of learning and recreational activities, in line with our motto

**'Learn, Laugh and Live'**

All other U3A news and information will be published in a regular Newsletter by the President.

### TERM DATES 2024

Term 4            Monday 14 October to    Friday 20 December

### CONTACTS

Mail address                                    Milton-Ulladulla Campus Inc PO Box 530 Ulladulla NSW 2539  
E-Mail address                                 [u3amiltonulladulla@yahoo.com](mailto:u3amiltonulladulla@yahoo.com)  
Web address                                     [www.u3amiltonulladulla.org.au](http://www.u3amiltonulladulla.org.au)  
Course Co-coordinator                     [u3amudcoursecoord@gmail.com](mailto:u3amudcoursecoord@gmail.com)

Committee members are contactable through the e-mail addresses above.

### COVID

Please see our Website for latest NSW Government Guidelines.

### SUBSCRIPTIONS AND FEES

Membership of Milton-Ulladulla U3A Campus is \$30 per year, payable in January; subscriptions from July for the remainder of the year are \$15. M-U U3A BSB is 062 646 0090 1085. There are no course fees.

### MEMBERSHIP BADGES

Please wear your 2024 membership badge to classes and functions. It signifies you are a current financial member, which requires to be checked by tutors. Also, of course, it so does help identify you to those around you.

## NEW COURSES for Term 4/2024

POKEMON	Petra Tinker	ptinker50@outlook.com
---------	--------------	-----------------------

Commencing Tuesday 22<sup>nd</sup> October 0900 – 1030 Harry Higgs room

Petra will lead a new Course providing fun and laughs! Great to share with family and friends (especially the younger ones in your family over Christmas holidays). Technical assistance will be provided to help you get the most out of your Smartphone.

Petra's enthusiasm is infectious, and she describes the experience as a HUGE Fountain of Youth. Pokémon are everywhere in our digital world and they're fun to catch and collect ..... and best of all – it's free to play. It's just like stamp collecting – you get an album to fill with your catches, some common some very rare and it can be as simple or complicated as you want it to be.

Advantages that are noted, include:

- ✓ **Keeping fit:**
- ✓ **Keeping brain active**
- ✓ **Having fun**
- ✓ **Social interaction:**
- ✓ **Learning new stuff**
- ✓ **Sense of achievement:**
- ✓ **Using technology:**
- ✓ **Totally free to play:**

FILM AND NOVEL	Debra Pearson	Debrapearson13@gmail.com
----------------	---------------	--------------------------

**Term 4 dates: Wednesday 6<sup>th</sup> to 27th November 1330 - 1545 – for 4 weeks Harry Higgs room**

This course is a new concept for Debra and her devoted fan-base. It provides the opportunity to combine the love for film AND reading with comparative discussion between the two.

Participants will need to have recently read "**Persuasion**" & "**Northanger Abbey**" by Jane Austen, **before** the beginning of the course. We will watch their film adaptations, compare & discuss, as well as view DVD lectures. Class size limited. Email [debrapearson13@gmail.com](mailto:debrapearson13@gmail.com) to register or for further information.

### DEBA'S NOTES FOR TERM 4 FILM APPRECIATION

This term the connecting theme for our **8 movies** is “**Let’s Laugh**”, but they all differ in narrative, characterisation & tone:

1. Tea with the Dames; 2. Jane Austen Book Club; 3. One Chance; 4. A League of Their Own; 5. London Suite; 6. Death at a Funeral; 7. Women on the 6th Floor. (French & Spanish with English subtitles) and 8. The Holiday.

#### About the Tutor

Debra Pearson, now retired, holds a Master of Creative Arts and a Bachelor of Arts (in Fine Arts Photography & Art History.) Her degree also included Film Studies. Debra has over 20 years’ experience teaching in Adult Education.

#### DVD Film Library Message.

Please do NOT stack chairs directly in-front of the Film Library bookcase. Otherwise, members are prevented access to the DVDs.

- All DVDs in the U3A Library have been taken from their cases & cleaned. 6 titles have been removed because of bad scratches. Please let me know if you ever come across any future scratched DVDs. (To avoid disappointment to other lending members.)

Reminder - Feel free to browse & borrow from the U3A movie collection, but please enter your details into the yellow exercise book (on the cabinet below the widow.) There is a borrowing period of 2 weeks. When you return them, please enter the date into the yellow exercise book and return the DVDs to the shelves in alphabetical order.

<b>THE JOY OF MATHEMATICS</b>	<b>Chris Graham</b>	<b>chrisjoan@bigpond.com</b>
-------------------------------	---------------------	------------------------------

**Term 4 dates: Friday 14<sup>th</sup> October to 20<sup>th</sup> December 1100 - 1230 Harry Higgs room.**

Maths is a lot more than adding up a shopping list. Across the spectrum of arithmetic, geometry, algebra and trigonometry there is a whole gamut of symmetry and beauty waiting to be uncovered. Within the universe of numbers, there are intriguing patterns and mysteries begging to be explored and understood. This DVD course is given by a boundless and enthusiastic mathematician who approaches his subject in a completely non-traditional way; no need to remember formulae and proofs – just sit back and enjoy his explanations of what it all means. Through number theory, the importance of  $\pi$  and other great numbers, infinity and infinite series ... it’s all there. Join Chris and be amazed at what you learn.

<b>SUDOKU</b>	<b>Frank Winston</b>	<b>fwengsolutions@gmail.com</b>
---------------	----------------------	---------------------------------

**Term 4 dates: Friday 14<sup>th</sup> October to 20<sup>th</sup> December 1245 - 1415 Harry Higgs room.**

If you have ever wonder how to tackle these fascinating puzzles, this course will introduce the basics of the classic Sudoku brain teasers and will move on to elucidate the tactics and tricks required to solve even the most diabolical puzzle.

Sudoku is a logic-based, combinatorial number-placement puzzle. In classic Sudoku, the objective is to fill a  $9 \times 9$  grid with digits so that each column, each row, and each of the nine  $3 \times 3$  sub grids that compose the grid contains all of the digits from 1 to 9.

## U3A ACTIVITIES during Term4, 2024

### ***U3A Tea'n'Talk***

Will be held on

***Saturday, 16<sup>th</sup> November 2024***

From 3:00 to 5:00p.m.

At the ***Dunn Lewis Centre Alley Gallery.***

***Carmen Champion will speak about:-***

***The Elephant in the Room: Making a Will and who can challenge it.***

A gold coin donation would be gratefully received.

Afternoon tea will be served.

Friends and guests are welcome.

***Ideas for Tea and Talk presentations are always sought***

Contact Enid Everingham on 0428 542 430, or e-mail her at [enidever@bigpond.com](mailto:enidever@bigpond.com) if you have any suggestions.

## CHRISTMAS SINGING FOR PLEASURE

Sarah Claydon Aged Care Centre on 4<sup>th</sup> December 2024

Arcare, Mollymook on 6<sup>th</sup> December 2024

Due to the short notice, this singing experience is a special Christmas activity for existing U3A choir members only.

There will be 2-3 practice sessions prior to the performances with our Choir master Elisabeth Andrews 44543580

### NOTE:

*U3A Course Coordinator's comments re this Bulletin*

Dear U3A readers,

Apologies for the brevity of this Term 4 Bulletin. Due to unforeseen circumstances, time and attention has been limited for me in the past months. I am sincerely sorry for any inconvenience.

I do hope I have not disappointed you, dear Tutors and Members. Hopefully, I'll be back to normal routine for our 2025 publications.

As always, my sincere thanks and appreciation for input and support from our Tutors and Committee members and our U3A members.

Warmest wishes,

*Jan Dunkley*

Course Coordinator
